Why Hire Us?

There is an undisputed fact that “Third Party Involvement” resolves problems. Why use a do-it-yourself approach to your non-payment problems, when you can utilize the services of a highly trained staff of professionals to do the job for you, at no cost to you.

As a licensed Collection Agency, we maintain the highest standards of professionalism, are State Regulated, Bonded and Insured, and provide “peace of mind” for our clients.

Like any other business, a Community Association is an ongoing enterprise which must maximize their revenue and minimize losses for the benefit of the homeowners. We provide Associations the most economical systematic approach. We utilize the non-judicial foreclosure process, because it is the most expedient and cost effective approach to recovery, avoiding protracted and expensive litigation in the courts.

IT'S THIS SIMPLE: Any funds spent to collect on a debt potentially compounds the loss unless you have the right experts working for you. Our program is performance based, which means WE GET YOU PAID.

We offer friendly and personalized service, monthly reporting on all accounts, and we treat all homeowners with respect and consideration. We look for the most suitable resolution to problem. The key is to resolve the delinquency, recover the money, and save you time and money whenever possible. This may take the form of a payment plan.

This is where we shine. The most important and rewarding aspect to collection is to give a homeowner an opportunity to bring their account current and become a productive paying member of the Association. Using respect and dignity, we assist the homeowner with an acceptable plan to bring their past due balance current while maintaining the payment of their current assessments which increases the Association's "Bottom Line". This area takes experience and finesse. Our trained staff does everything possible to find the most satisfactory resolution without waiving your rights.

If a homeowner refuses to cooperate, a Foreclosure Sale may be warranted, if it makes sense to proceed in that direction. In any event, you need to know your options. We will present them to you and assist you in making the best decision possible on each particular case. Don't waste money on unnecessary legal fees and costs. Don't get billed on an hourly basis.
